

JOHN AND WILLIAM ARE BOTH WANTED

Rockefellers Elude Vigilance of U. S. Marshals and Remain at Large.

JOHN D. MAY BE IN CLEVELAND

Under Agreement With Wm. M. Davis, He Must Appear If Within Hancock County.

NEW YORK, July 2.—While Marshal Henkel and his deputies are seeking everywhere for John D. Rockefeller to-day they are equally zealous in their efforts to serve William Rockefeller, a brother of John D. Rockefeller, with a subpoena requiring him to appear before Judge Landis in Cleveland, July 6th. Marshal Henkel declares that William Rockefeller is as difficult to serve as his brother. A report to-day says that John D. Rockefeller is in Rome, another report has him sojourning in the south of France, while another states he is in the Adirondacks.

Marshal Henkel says he is convinced that John D. Rockefeller is not in the jurisdiction of the district, but he is not so certain about William Rockefeller.

It has been reported that Mr. Rockefeller is at the home of his son-in-law, E. Parmelee Prentice, near Pittsfield, Mass.; that he has been staying at his own home in Tarrytown, N. Y., and that he has been in his way to his Cleveland home, but neither the marshal nor any of his deputies have been able to determine where Mr. Rockefeller is to be found. Inquiries at Mr. Rockefeller's home at Tarrytown have elicited only the response from his secretary that the whereabouts of Mr. Rockefeller are unknown.

Not at Forest Hill

CLEVELAND, OHIO, July 2.—United States Marshal F. M. Chandler, accompanied by Deputy Frank Schwenner, again visited Forest Hill this morning. The two officials were admitted to the grounds, and at once proceeded to the Rockefeller residence. Chandler, after remaining around the house for an hour, started downtown, leaving his deputy on guard with a subpoena for Mr. Rockefeller. "Basing my opinion upon private information and indications at Forest Hill, I would say that Mr. Rockefeller now is at his Cleveland house," Marshal Chandler said on reaching his office. "Just how or when he arrived I do not know," the marshal continued, "but it looks as though he reached Cleveland yesterday and entered his estate by way of the rear entrance. The only answer I have obtained to any of my questions at his house was from the gate-keeper, who repeatedly said: 'He has not passed through this gate.'"

"When I attempted to interview Miss Howard, Mr. Rockefeller's secretary," she said, "you need not ask me any questions, as I will not answer you."

Deputy Schwenner was stationed upon the front porch of the Rockefeller home with instructions to remain there indefinitely and occasionally to watch about the grounds.

David Can Produce Him.

FINDLAY, O., July 2.—If John D. Rockefeller is in Cleveland he is within the jurisdiction of Prosecutor William

AN Investment NETTING 6 2/3 per cent. per annum

We are offering for public subscription a limited amount of the treasury stock of the Human Life Publishing Co., a Massachusetts corporation, at \$12 per share, and are about starting our third year of regular quarterly dividends of 2 per cent., or 8 per cent. per annum, netting at present price, \$12 per share, six and two-thirds (6 2/3 per cent.) per annum.

Beginning February 12, 1908, we expect to be able to pay quarterly dividends of 4 per cent., or 16 per cent. per annum, and that before December 31, 1908, our stock will sell in the open market at from \$20 to \$24 per share.

No magazine has ever attained so large a circulation as has Human Life in so short a time, and we are adding from fifteen to twenty thousand new subscriptions a month.

Great Growth in Circulation
April, 1905 60,000
April, 1906 101,307
April, 1907 133,500

Our June issue carried the announcements of twenty-four new advertisers. In our midsummer record amount of advertising, \$2,050.00, although it is the dull time of the year in the magazine advertising business.

Tremendous Gain in Advertising
April, 1905 \$ 539.00
April, 1906 1,001.25
April, 1907 1,935.00

Human Life is edited by Alfred Henry Lewis, the highest paid magazine writer in the world, and is the biggest, brightest and best magazine ever published at 50c a year. Its financial and literary success is already assured.

There is only a limited amount of our treasury stock to be sold, and all subscriptions received before August 1, 1907, will be entitled to the quarterly dividend, amounting to two per cent., due and payable on that date.

If you will write us now, to-day, for particulars, we will send you our prospectus and other matter which will fully convince you of the goodness of this safe and conservative investment. Write to Dun and Bradstreet, to the Beacon Trust Company, or Boston, our bankers, and to every one with whom we have ever done business.

If you have any money earning less than six per cent. you should write us to-day. There can be no question but what stock in the Human Life Publishing Company will double and treble in value within a reasonable time. You should not allow this unusual opportunity to pass you by.

To all those who are seeking an investment and answer this advertisement in good faith on or before July 20th, we will send Human Life, absolutely free and postpaid, for three months.

Write us to-day. Address: **Human Life Publishing Co., 93-95 Broad St., Boston, Mass.**

Ham M. David, of Hancock county, and if he is called upon by the Federal authorities to assist in his capture he will simply call another case against the Standard Oil Company and see that the personal guarantee of J. C. Donnell, vice-president and general manager of the Ohio Oil Company, of this city, and James C. Troupe, of Bowling Green, his attorney, is carried out. On January 28th they agreed with Prosecutor David to have Mr. Rockefeller appear in this city who would give a guarantee of his good faith, as well as Mr. Rockefeller, they executed a bond which is signed by Rockefeller, Donnell and Troupe, that John D. Rockefeller appear from day to day in the court here until discharged.

Hot on His Trail.
CHICAGO, July 2.—Late to-day the district company's lawyer sought an interview with Judge Landis, and when informed that he was out of the city, went to the office of District-Attorney Sims, where a long conference was held. The attorneys refused to say anything further than that the conference was for the purpose of discussing procedure for Saturday.

A long telephone conversation was held to-night between District-Attorney Sims and Marshal Chandler, of Cleveland. The marshal told Sims that he was "hot on the oil king's trail," that he has reliable information that Mr. Rockefeller is in Cleveland, and that he expects to obtain service on him to-morrow.

THREE KILLED IN TRAIN COLLISION

Pennsylvania Passenger and Freight Trains Come Together—Twelve Injured.

SUNBURY, PA., July 2.—Three trainmen were killed, one probably fatally injured and twelve passengers were slightly hurt to-day by a collision between a northbound Buffalo express and a freight train on the Pennsylvania Railroad about two miles from this city. The dead are:

J. F. McVILLIA, fireman, Williamsport, Pa.
PAIRY EYRE, express messenger, Williamsport.

C. P. HINTER, assistant baggage-master, Harrisburg, Pa.
George Lantz, of Williamsport, the baggage-master, was probably fatally injured. None of the twelve passengers injured was seriously hurt and most of them proceeded after having their injuries dressed.

The accident occurred in the yard of the railroad, and was caused by an open switch. The freight train coming south by means of an open switch crossed the passenger track, crossed over to the northbound track and collided with the passenger train. Both engines were smashed to scrap iron and the two baggage cars on the front end of the passenger train telescoped each other.

MAYOR SCHMITZ WILL RUN AGAIN

Announces His Candidacy and Prepares Plan of Campaign.

SAN FRANCISCO, July 2.—Mayor Eugene Schmitz, who is awaiting sentence under conviction of extortion, in an interview this afternoon authorized the Associated Press to say that he will be a candidate for re-election to a fourth term and that he has already begun the preliminary work of his campaign. He declared that he is confident of winning at the polls, and that nothing will prevent him from running except the denial by the Appeals and Supreme Courts of Appeals he is preparing for a new trial.

Another announcement by the Mayor is that he will bring mandamus proceedings against Judge Dunne if his sentence is not forthcoming Monday as pronounced by the Supreme Court. The Mayor cannot carry his appeal to the higher courts.

HOLMES CASE RESTS WITH JURY

Judge Stafford Instructed That Testimony Sustained the Charges—No Verdict.

WASHINGTON, July 2.—The case of Edwin S. Holmes, Jr., the former associate statistician of the Department of Agriculture, who has been on trial since June 20 on a charge of conspiracy in connection with the leak of advance information regarding the government crop reports, was given to the jury to-day. In his instructions Judge Stafford said that the testimony tended to sustain the charges of the indictment. The case was given to the jury a few minutes after 3 o'clock this afternoon. The jury was locked up for the night at 10 o'clock.

TWO PROFESSORS DROWNED.

Canoe Upset and Men Went Under Before Assistance Reached Them.
EAST NORTHFIELD, MASS., July 2.—Philip K. Green, instructor of English and mathematics, and Professor David E. Durward, assistant in the agricultural department at the Mount Hermon School for boys, was drowned this afternoon while canoeing in the Connecticut by the upsetting of their craft. Both men clung to the canoe for some time, but before assistance could reach them they were apparently drawn under the water by a strong undercurrent, and did not again rise. Green was twenty-four years of age, belonged in North Bridgeton, Maine. Professor Durward was twenty-five years of age, and his home was in Claremont, N. H.

NEGRO KILLED AS RESULT OF QUARREL WITH WHITE MAN

COMER, GA., July 2.—George Herbert, a negro, was shot to death by a posse near here yesterday as the result of a quarrel between him and a white man named Cicero Woods. Woods was wounded.

The men quarreled and the negro barricaded himself in a house, shooting and seriously wounding Woods. A posse formed, and upon Herbert's refusal to come out, the posse opened fire, killing the negro.

ARREST MAN CHARGED WITH KIDNAPING KASPER.
MARSEILLE, July 2.—The police of this city to-day arrested Boghos Parkian on a description furnished by the police of New York City. Parkian is the young Armenian charged with the murder in New York City last May of Kaspar Vartanian, an Armenian priest.

The police believe that two accomplices of Parkian are at present in hiding in this city, and they are conducting an active search for them. Parkian is being held in close custody pending extradition arrangements.

RACE RIOTS IN MANY DEPARTMENTS

White Clerk and Negro Fight in Office of Architect of the Treasury.

TROUBLE IN AUDITOR'S OFFICE

White Chief Reprimanded Negro and Friend Threw Electric Bulb.

BY WALTER EDWARD HARRIS.
WASHINGTON, D. C., July 2.—The race feeling which recently culminated in the fight between a white and colored draughtsman of the office of the Supervising Architect of the Treasury, is also manifested in a recent difficulty between a white clerk and several negro employees in the office of the Sixth Auditor of the Treasury.

It is difficult to obtain details of the trouble, but it is alleged that recently Mr. Atkinson, in charge of a room in which there were six colored men and two white men employed, was reprimanding one of the colored clerks for some lapse, and while doing so one of the colored friends of the clerk threw an electric light bulb at the white chief of the room. The bulb exploded at the feet of Mr. Atkinson, without doing anybody any harm. The explanation of this occurrence, which resulted in another white employee having to be brought in to assist in restoring order, is that the negroes were only skylarking among themselves, teasing one of their own number.

A few weeks ago a white clerk started to raise a window of the room, and was ordered by one of the negroes to stop. He refused, and the result was a heated argument and many words, including dire threats, followed, and the head of the room had to command silence. The white man was so angry he had to be allowed to leave the room and go into the hall and stay until he could gain control of his emotions.

The white clerk went out to the sidewalk in front of the Post-Office Department, where the sixth auditor has his office, and was waiting badly and down, when he saw the negro clerk coming out. Thinking he wanted to renew the quarrel, the white clerk proceeded to throw a brick at the negro. His surprise was very great when the negro made a gentlemanly apology, which was accepted.

No report has been made as to the result of the fight between the white and colored draughtsman of the office of the Supervising Architect.

TEN INJURED BY FALLING WALLS

A Dozen Men Flew Through the Air as House Went Down.

CINCINNATI, July 2.—Ten were hurt in the collapse of a four-story business block on Main street this afternoon. Forty-two others escaped injury. The accident was caused by the weakening of foundations by excavation at Ninth and Main Streets for a fourth term and that he has already begun the preliminary work of his campaign. He declared that he is confident of winning at the polls, and that nothing will prevent him from running except the denial by the Appeals and Supreme Courts of Appeals he is preparing for a new trial.

Another announcement by the Mayor is that he will bring mandamus proceedings against Judge Dunne if his sentence is not forthcoming Monday as pronounced by the Supreme Court. The Mayor cannot carry his appeal to the higher courts.

THAW'S COUNSEL WITHDRAW MOTION

Prisoner Thinks Jerome Will Act Fairly in Setting Time for His Trial.

NEW YORK, July 2.—A. Russell Peabody and Daniel O'Reilly, attorneys for Harry K. Thaw, to-day served on Acting District Attorney Smith notice of withdrawal of the motion recently made in the Supreme Court for an order directing District-Attorney Jerome to show cause why he should not set the second trial of Thaw for the October term of court. Thaw decided that the District Attorney intends to act fairly by him in the matter of bringing him to trial as soon as possible, and therefore directed his lawyers to withdraw the motion which was set for action to-morrow.

FLUSHERS ARE NOT IN FAVOR

Officials and Councilmen Say They Are Injurious to Paving.

a St. Louis firm which manufactures them, and were ordered on trial, with the understanding that if the city was not satisfied with their operation, it was not obligated to buy, but merely to return them.

A public test was made Monday afternoon, and though in official report no recommendation was submitted by the committee, several Councilmen and other officials are outspoken in their objections. Mayor McCarthy, the Superintendent of the Water Department, the City Engineer and Councilmen Ford and Smith are among those who have expressed their disapproval of the proposition to purchase the machines. Mayor McCarthy said yesterday that the use of them had already injured pavements where they had been tried, and that Edward and Cannon made substantially the same statement, based upon their own observation in each case.

The flushers differ from the sprinklers in that they project a thin sheet or wall of water, which is directed at pavements, washing trash and mud away, but also washing out the cement, sand and other material used to fill the interstices between blocks or bricks.

GAVE HER SAVINGS TO BLACKMAILERS

Two Italians Arrested for Extorting Money by Threats from Country Woman.

PITTSBURGH, PA., July 2.—Trembling before the gaze of two countrymen in Magistrate Brady's court to-day, Mrs. Stella Pagana, an Italian woman, told a story of how her savings of years had been extorted from her by two of her fellow countrymen, rivals of those of the Macedonia brigands for savage brutality. Giuseppe Furcio and Prisco Bartolomea had been arrested upon complaint of Mrs. Pagana, who alleged that the two men had for some time been extorting money by threatening letters. The demands were for twenty and thirty dollars at a time. So frequent were Furcio's and Bartolomea's demands that the bank account was soon gone, and finally she had to give up her property. Her husband knew nothing of this, she said, as she feared that if she told him, she would be killed. The last time she gave Furcio money was when he threatened to burn down her property. She said she was determined to make information against them for surety of the peace.

The men were held for court.

ALL RESIGNATIONS ARE WITHDRAWN

Amicable Adjustment of T. P. A. Troubles Reached—Special Meeting Called.

A special meeting of Post A. of the Travelers' Protective Association, of the situation, appeared confident that the post will cheerfully ratify what has already been done to heal the unfortunate breach. It is said that at last night's conference satisfactory explanations were made, and that all resignations were withdrawn.

It is understood that a conference held last night resulted in a practical settlement of the entire affair, and those who are in close touch with the situation appear confident that the post will cheerfully ratify what has already been done to heal the unfortunate breach. It is said that at last night's conference satisfactory explanations were made, and that all resignations were withdrawn.

The trust acquired a large number of smelting plants in Colorado, Montana, Nebraska, Illinois, Utah, Idaho and Mexico, and two years later took over the plants of M. Guggenheim, in Pueblo, Colorado, Mexico, and Perth Amboy, N. J. It also controls the United States Zinc Company at Pueblo and owns all the stock of the American Smelters' Steamship Company.

The Guggenheims also control the American Smelters' Securities Company, capital stock of \$750,000; the Federal Mining and Smelting Company, with \$20,000,000 authorized capital, and others.

Secret Assays.
Independent miners who sell ores to the trust say all assays at trust smelters are made in secret, and often they receive materially less than the amount to which they are entitled.

They also claim to receive no credit for by-products from their ores, which formerly were a source of considerable profit.

A Western mine-owner recently in Washington asserted that he shipped a carload of ore to the trust, but had samples of it assayed in Washington, and that apparently the trust had retained from 25 to 30 per cent. of what he should have received.

Facts laid before the government tend to prove that the ambition of the Guggenheim trust is to extend its power to control both lead and copper. The government knows that it has retained its ambition so far as lead is concerned. As to copper, although already the Guggenheims are in a strong position, the unknown quantity for which the trust is seeking is vast supply existing in Alaska, which the trust does not

CENTRAL AMERICA'S NEW COMBINATION

Republics of Honduras, Guatemala and Salvador Reach an Understanding.

DAVILA IS MADE PRESIDENT

First Move of Combination Was to Force Nicaragua to Evacuate Honduras.

PUERTO CORTES, HONDURAS, June 27.—(via NEW ORLEANS, LA., July 2.)—Within the last few days a combination has appeared on the Central American checker-board, whereon President Zelaya has been manoeuvring for several months by means of revolutionary plots to consolidate the five republics under one government. The new combination is reported to be Honduras, Guatemala and Salvador. Their understanding was reached at Tegucigalpa, Honduras capital. It is said to be the defeat of the consolidation.

Special ministers from Guatemala and Salvador recognized President Zelaya as President of Honduras, and he agreed, as reported in Washington dispatches, to act independently of the control of Nicaragua. Zelaya's candidate for the Honduran presidency was Lorenzo Serra, and in recognizing the Central American republics strengthened the hold of a President hostile to Zelaya, and thereby robbed the latter of the fruit of his successful Honduran war, namely, the opportunity to name a President who would do him wrong.

The first movement of the combination was to force the evacuation of Honduras by Nicaraguan troops. Thereby Puerto Barrios, Guatemala, has within the last week been relieved of the menace of the Nicaraguan General Estrada's army, which for many weeks camped in Honduras within a few hours of striking distance from Guatemala. Since the evacuation the Central American republics have been invited on missions to Tegucigalpa, which is considered significant.

It is reported that Zelaya did not yield to the demand for evacuation of Honduras, and was told that if she had, she would have been invited on missions to Tegucigalpa, which is considered significant.

ROOSEVELT AFTER SMELTER TRUST

(Continued from First Page.)

Hill, and independent miners have been crowded so closely to the wall that many of them must either go into bankruptcy or submit to the terms of the trust.

A Rival Corporation.
The independent mining interests have been advised of the Federal investigation, and have taken preliminary steps toward the formation of a rival smelting corporation, and assurances have been given by power-holders that the trust will be broken up.

The American Smelting and Refining Company, which was incorporated in New Jersey in 1899, is controlled by the Guggenheim Brothers, one of whom, Simon, is the new President. General from Colorado, who will succeed Thomas M. Patterson. It has authorized and issued \$50,000,000 of common stock and \$50,000,000 of 7 per cent. cumulative preferred stock.

The trust acquired a large number of smelting plants in Colorado, Montana, Nebraska, Illinois, Utah, Idaho and Mexico, and two years later took over the plants of M. VIRGINIA GIRL ATTEMPTS SUICIDE

In Despondent Mood, Takes Dose of Chloroform—Known in Roanoke.

[Special to The Times-Dispatch.]
ST. LOUIS, MO., July 2.—Miss Eulah Newman, a pretty nineteen-year-old girl, who attempted suicide by taking a dose of chloroform, is now in the hospital, Miss Newman came to St. Louis from Roanoke, Va., about a year ago and secured a position in the home of Albert Lawson. She was well liked by the Lawson family. Denny objected, however, to a girl she had chosen as a chum. Chafing under the restraint they put on her, she left and took a room with her friend. The next day, she states she visited Mrs. Lawson, and was told that if she had stayed with the family three weeks longer they would have adopted her as their daughter. She begged to be allowed to return, but Mrs. Lawson firmly refused. The girl says the refusal made her despondent.

OBITUARY.
Aaron Stern.
Mr. Aaron Stern, of No. 209 East Clay Street, dropped dead yesterday afternoon shortly after 1 o'clock in front of No. 209 East Clay Street. Mr. Stern, who was thirty-eight years of age, had been in failing health for several years, and had been West living in the city of Denver, Colo., where he returned here recently and took employment with the Beaufort Lithia Company. He is survived by his mother, two brothers and one sister.

Though Mr. Stern was known to be in bad health his end came suddenly. He was about to get about and attend to some business yesterday morning. Death resulted from hemorrhage, probably brought on by the excessive heat and over-exertion. Coroner Taylor viewed the remains and deemed an inquest unnecessary.

The funeral will take place at 6 o'clock this afternoon from the Hebrew Cemetery.
